Address: SHAKYA NAGAR SATARA GAO AURANGABAD - 431001, AURANGABAD, MAHARASHTRA

### Academic Details

Level	Stream	Institute	Board/University	Passing Year	Degree %	Division
PG-DAC	Advanced Computing CDAC	C-DAC Hyderabad	C-DAC Hyderabad	2024	60%	I
BE	Mechanical	Shreeyash College Of Engineering	Dr. Babasaheb Ambedkar Marathwada University , Aurangabad , Maharashtra	2020	69.3 %	I
DME	Mechanical	Shreeyash Polytechnic	Maharashtra State Board Technical Education , Mumbai , Maharashtra	2017	63.65%	I
X	General	Marathwada Institute of Technical Highschool	Maharashtra State Board	2014	68.6%	I

### Academic Projects

**Title** : Online Food Delivery System

**Platform** : Frontend – HTML,CSS,JavaScript,React js Backend – Spring Boot , Hibernate **Duration** : 1.5 Month

**Description** : The Food Delivery App simplifies food ordering by providing an easy-to-use platform for customers to browse menus, order, and track deliveries in real-time. It supports secure payments and ensures that orders are processed efficiently, benefiting both customers and restaurants. The app uses HTML, CSS, JavaScript, and ReactJS for a responsive user interface, while the backend is powered by J2EE Spring Boot and Hibernate for strong server-side processing. MySQL is used for effective database management.

**GitHub Link** : <https://github.com/Ajaydabhade7739/food-delivery-web-app>

**Title** : Employee Management System

**Platform** : J2EE **Duration** : 1 Month

**Description** : Developed a comprehensive Employee Management App using Spring Boot for backend services, HTML5, CSS, and JavaScript for responsive UI design. The app allows HR teams to efficiently manage employee data. It integrates MySQL for secure data storage and retrieval, with RESTful APIs handling CRUD operations. The project emphasizes data integrity, security, and a user-friendly interface to streamline HR workflows.

**Title** : Amazone Clone

**Platform** : HTML , CSS **Duration** : 2 days

**Description** : Developed a responsive Amazon clone using HTML and CSS to enhance skills in front-end development and responsive design.

**GitHub Link** : <https://github.com/Ajaydabhade7739/AmazonClone.git>

**Title** : Count Down -Timer-App

**Platform** : React.js , Tailwind CSS **Duration** : 2 days

**Description** : Countdown Timer App built with React and Tailwind CSS. Features include customizable countdowns, responsive design, and interactive UI elements. Ideal for timed events and productivity tasks. Implemented using state management and Tailwind's utility-first classes for a sleek, minimalist look.

**GitHub Link** : <https://github.com/Ajaydabhade7739/Countdown-Timer-App.git>

**Netlify link** : <https://counturtime.netlify.app/>

**Title** : Real-Time Weather App

**Platform** : React.js , Tailwind CSS **Duration** : 5 days

**Description** : Real-Time Weather App built with React. This app fetches live weather data from an external API to display current weather conditions based on user location. Features include dynamic temperature, humidity, and forecast updates. Ideal for learning React hooks, API integration, and creating interactive user interfaces.

**GitHub Link** : <https://github.com/Ajaydabhade7739/Real-Time-Weather-App.git>

**Work Experience :**

**Organization** : Shreeyash College Of Engineering And Technology **Duration** : 2022-2024

**Position** : Lab Assistant

**Description** : Assisted in the preparation and maintenance of laboratory equipment and materials.  
Supported instructors in conducting experiments, ensuring safety protocols were followed.  
Managed lab inventory, organized supplies, and maintained a clean and orderly workspace.  
Recorded and analyzed experimental data, contributing to research and educational projects.

**Other Information**

**Extra Curricular** : Sports ,Volunteering

**Technical Certification** : C language,Java,ReactJs,

**Personal Information**

**Nationality** : Indian

**Languages Known** : English,Hindi,Marathi,

hereby declare that the information given above is true to the best of my Information knowledge belief.
